

HUDDLE ROOMS FOR MITEAM MEETINGS

MiTeam Meetings is a great solution for companies looking to bring videoconferencing into a single, unified communications solution with Mitel. MiTeam Meetings brings people together no matter their location to get work done. **But did you know MiTeam Meetings can work great as an in-office huddle room solution as well?** Connect your laptop to the existing room video hardware to run MiTeam Meetings. **This is a plug and play solution with virtually any USB device.**

If you are looking for some help identifying videoconferencing camera solutions, MiTeam Meetings has been tested with Jabra, Poly and Logitech.

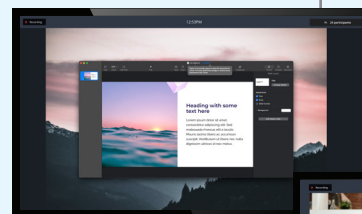

Turn any huddle room into a MiTeam Meetings huddle room

Connect laptop running MiTeam Meetings to huddle room devices through USB

Simplify connections through a universal docking station (recommended)
